Step 3

ENTER YOUR COMMENTS HERE:

On April 7, 2004 you will be reviewing the docket number indicated above to impose a 9.8% increase. I am apposed to this increase. If you are looking for a better way to reallocate your revenues in the areas that are needed - then might I suggest that you reallocate the \$15 per month base service charge that I pay to wherever the need is. I was out raged at this monthly charge when I become a new customer under APS. I have lived in many states and have utilitized various electric companies and this is the first time I have ever had to pay a monthly charge - just to be a customer. If I could - I would have looked for another electric company - but because of the way things are commissioned here - I cannot. I should only have to pay for the electricity that I use and nothing else.

Step 4
